

EDUCATIONAL DISCOVERY SERIES

Presented by: MED Leadership

Vaping

What are the issues? and how can administrators and staff deal with this problem in schools?

Doug Rogers is the Substance Abuse Prevention Counsellor for SD#22 (Vernon). He has taught for over 28 years in Vancouver, Burnaby, Vernon and Washington State and has given hundreds of workshops and presentations throughout British Columbia, Washington and California.

Doug has undergraduate degrees from UBC (BPE, B.Ed) and postgraduate degrees from both UBC (MPE) and UVIC (M.Ed). He is also an internationally certified alcohol and drug counselor (ICADC) and certified clinical supervisor (CCCS).

The main focus of his work and research in SD#22 is to support students and families so that they can live healthy and drug free lives. Specifically, education, prevention, and treatment are part of his district's Drug and Alcohol prevention program.
