3. HOW TO APPLY

- Contact our office and we can guide you in regards to your eligibility, applying for new applications or how to apply for interest free status if you are a previous borrower without current funding. Please apply 1-2 months prior to start date.

The Canada Student Financial Assistance Program offers student grants and loans to full-time and part-time students. **We can help you determine if your province has access to federal funding as well as provincial funding.**

- Typically apply for grants and loans in one application, directly with your province of residence
- **You need to repay loans after finishing school, with interest**
- You may be eligible for more than 1 type of grant - when you apply with your province, they will assess your eligibility for all available grants
- **The amount you can receive depends on several factors, including:**
 - your province or territory of residence
 - your family income
 - if you have dependents
 - your tuition fees and living expenses
 - if you have a disability

If you are approved for your student loan funding, your tuition payment can be deferred to your funding release date without penalty. **Should you drop or change the number of credits after your loan is submitted, it will result in change to your loan eligibility and Financial Aid will need to be advised via our email.**

We wish you the best of luck while in your studies. Please feel free to contact the [Financial Aid Office : FinAidCanada@cityu.edu](mailto:FinAidCanada@cityu.edu) if you have any questions
